

**Silabario**

# **Glifos Maya estándar**

**Capitán Wolf Scheuermann**

**Hamburgo 2014**

# **Introducción**

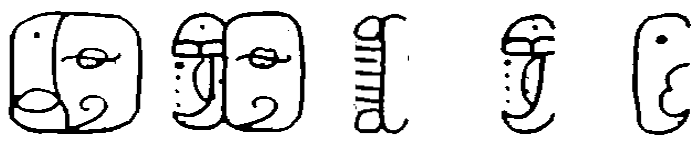

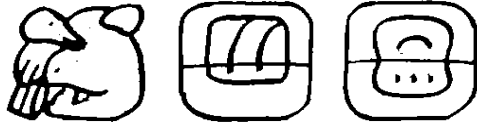

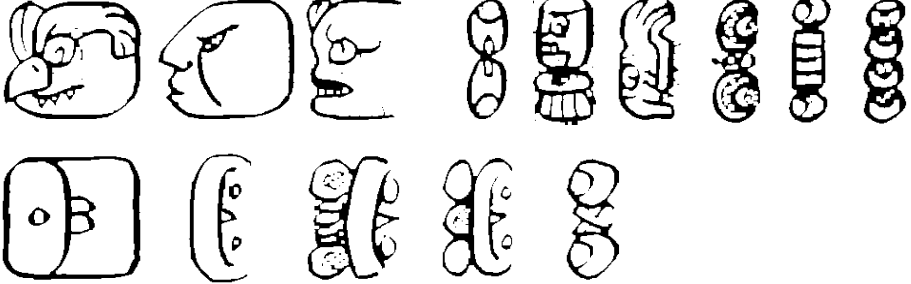

Es el objetivo de estas tablas, para definir un formulario estándar de glifos silábicos de la escritura Maya.

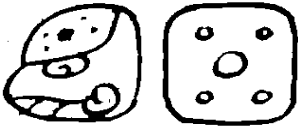

El formulario debe ser simple y contener los diferenciadores claves. Las variantes se enumeran. También, los glifos con bolígrafos modernos deben ser fáciles de dibujar.

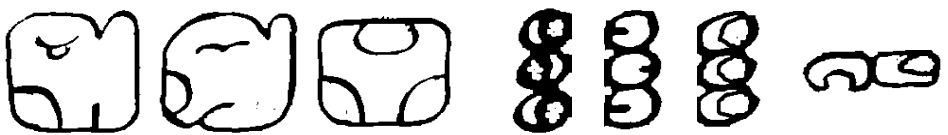

Existen dos tipos de tablas:

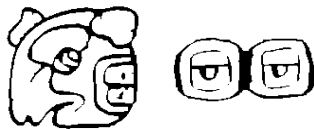

Primero de todo la forma clásica, mostrando el glifo correspondiente para cada sílaba. Este tipo es útil cuando se escribe.

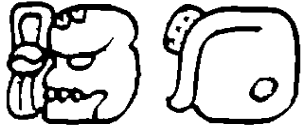

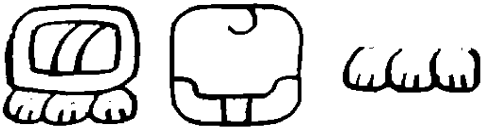

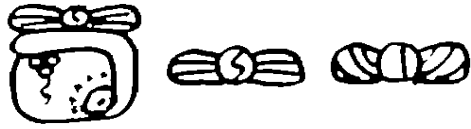

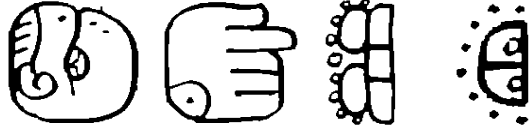

En segundo lugar, existen tablas que muestran los glifos según su apariencia. En categorías que van desde lo figurativo a lo abstracto junto con su lectura. Esto le ayudará a descifrar y leer textos.
